Thanks for coming to Back2Bellingham

WWU's campus was filled with hundreds of alumni, parents, students, and community members May 15-17 for the 6th annual Back2Bellingham celebration. A special thanks to our Parent Connection Volunteers, Kate Espy, Matt and Kazumi McCally, and Jean McCally.

We hope to see you at Fall Family Open House, October 23-25, 2015!
Important information for students living off campus during the 2015-2016 school year

The City of Bellingham would like to inform all student-tenants about The Rental Registration & Safety Inspection Program (RR&SIP), which was recently approved by the Bellingham City Council. The RR&SIP is designed to ensure that all rental housing units in Bellingham comply with specific life & fire safety standards and are providing a safe place for tenants to live. Starting summer 2015, all rental property owners are required to register their property with the City every year and have the property inspected once every three years.

Beginning Fall of 2015, all tenants should find the required registration document posted IN their rental unit in a visible location. If the property is not registered, report it! Properties that aren’t registered won’t be inspected, and unsafe conditions could go unaddressed.

Comprehensive information about the program is available at the City of Bellingham website. Inspections are scheduled to begin in early 2016.
